To: Leanne's Rainbow Collection <leannesrainbow@gmail.com>

Hi Lea,

I'm happy to let you know that I've made great progress on your website "Leanne's Collection." I believe it reflects the colour palette and styling we discussed in our initial meeting, as well as the wireframes you approved during our last session.

The website is now live and has been deployed! I'd love for you to take a look and test out all its features.

Once you've had a chance to explore the site, I'd really appreciate your feedback, both on the overall design, and how well the features are working for you.

To make it easier, I have listed a few key things to check below. It would be a great help if you could tick them off, and return the completed form to me.

- ☐ Browsing products
- ☐ Navigating to a single products page
- ☐ Adding items to the shopping cart
- ☐ Using the Homepage call-to-action buttons to navigate
- ☐ Viewing the site on different screen sizes, like; Mobile, Tablet, & Desktop
- ☐ Placing a test order
- ☐ Registering & logging in as an admin
- ☐ Viewing the admin orders dashboard
- ☐ Checking the order status toggle button, ie; fulfilled/unfulfilled
- ☐ Clicking into a specific order to see shipping details & product summary
- ☐ I have some feedback or suggestions (optional): _____

If you come across anything that doesn't work the way you expected, or if you have suggestions to make things better, I'd really love to hear your thoughts. Screenshots of any live testing you do on the site would be super helpful too. And if everything worked as you hoped, a quick comment to confirm that would be great as well.

Here's the link to your live website:

<https://leannescollection.netlify.app>

And here's the link to your admin login/register portal:

<https://leannescollection.netlify.app/login>

Thanks so much again for all your input along the way, you've made things much easier on my end. Looking forward to hearing what you think!

Warm regards,
